Conditions

Act – The issuance of a permit shall not prevent a safety codes officer from issuing a correction notice if an electrical installation or part thereof is found not to be in accordance with the *Safety Codes Act*, regulations and bylaws.

Deviation – No deviation from plans, specifications or information contained on the application for this permit shall be permitted without prior written authorization from the safety codes officer.

Safety codes officer – The person authorized to perform installations governed by this permit shall notify the safety codes officer prior to concealment of any portion of the installation.

Excavation – Before excavation is started, check for the location of utilities.

Inspection – The safety codes officer shall not be refused admission during any reasonable hour of the day for the purpose of conducting an inspection.

Final inspection – Upon completion of all the work authorized by this permit, the safety codes officer shall be notified that all work is completed and ready for final inspection.

Important notice

If any portion or part of the work is concealed prior to an approval by a safety codes officer all work may be requested to be uncovered.

Any required re-inspection shall be subject to a re-inspection fee, as per current fee schedule. This fee is required to be paid prior to the re-inspection taking place.

Any person who commits a breach of any of the provisions of the *Safety Codes Act*, or regulations made pursuant thereto, or of the conditions of a permit is guilty of an offense under the act.

Deficiencies shall be corrected within 15 days or as specified by the safety codes officer.
