## Conditions

**Act** – The issuance of a permit shall not prevent a safety codes officer from issuing a correction notice if an electrical installation or part thereof is found not to be in accordance with the *Safety Codes Act*, regulations and bylaws.

**Deviation** – No deviation from plans, specifications or information contained on the application for this permit shall be permitted without prior written authorization from the safety codes officer.

**Safety codes officer** – The person authorized to perform installations governed by this permit shall notify the safety codes officer prior to concealment of any portion of the installation.

**Excavation** – Before excavation is started, check for the location of utilities.

**Inspection** – The safety codes officer shall not be refused admission during any reasonable hour of the day for the purpose of conducting an inspection.

**Final inspection** – Upon completion of all the work authorized by this permit, the safety codes officer shall be notified that all work is completed and ready for final inspection.

### ***Important notice***

If any portion or part of the work is concealed prior to an approval by a safety codes officer all work may be requested to be uncovered.

Any required re-inspection shall be subject to a re-inspection fee, as per current fee schedule. This fee is required to be paid prior to the re-inspection taking place.

Any person who commits a breach of any of the provisions of the *Safety Codes Act*, or regulations made pursuant thereto, or of the conditions of a permit is guilty of an offense under the act.

Deficiencies shall be corrected within 15 days or as specified by the safety codes officer.
