

Fenceline Spray program

Agricultural Services

The Fenceline Spray program controls prohibited noxious and noxious weeds along private fencelines, headlands and Leduc County road right-of-ways.

Control work performed on fencelines and headlands adjacent to county roads will be completed on a first-come-first-served basis at no charge. Fencelines and headlines that are **not adjacent** to county roads will be subject to a charge of \$75 per half-mile sprayed with a minimum charge of \$75.

Landowners and adjacent landowners must sign a release to have Tordon 22K sprayed along their fencelines and headlines for the control of prohibited noxious and noxious weeds. Tordon 22K is a residual herbicide with low toxicity that may persist in the soil for up to five years.
