The fall fenceline spraying program assists Leduc County property owners with the management of prohibited noxious and noxious weeds along fencelines and crop headlands adjacent to Leduc County road right-of-ways through the application of a selective herbicide. This program will be completed on a first-come-first-served basis, as weather permits.

There is no charge for spraying fencelines/headlands adjacent to county roads.

## Applicant information

Applicant name				Phone	
Applicant address				Fax	
Town/city		Postal code		Email	

## Location of area to be sprayed

¼		Section		Township		Range		West of		Roll #	
Lot		Block		Plan		Subdivision/hamlet					

## Adjacent crops

List the adjacent crops, such as pasture, hayland, cereals, oilseeds, etc.:
---

## Release for herbicide application

I hereby grant permission for Leduc County to undertake spraying of a selective herbicide along fencelines and crop headlands of agricultural lands that I own or lease for the control of prohibited noxious and noxious weeds.

Leduc County follows all directives of the *Environmental Protection and Enhancement Act* and the guidelines established by the Professional Vegetation Managers Association. The herbicides selected for spraying have been approved by the Health Canada Pest Management Regulatory Agency. I understand that the herbicide applied will have residual activity that may persist in the soil beyond the year of application and may restrict the growth of certain plants and crops, including alfalfa, potatoes, canola, lentils, beans and trees. Grasses and grains are not affected.

I agree to save harmless and indemnify Leduc County, its employees and agents, from and against all actions, suits, claims and demands arising in any manner whatsoever from the treatment and control measures applied.
