PG-06 Grading – Private Driveways

Policy Intent

To establish a Policy that provides the residents of the County summer grading services for their private driveways.

Policy Statement

When requested by a resident of the County, the County will grade the driveway of that resident. The need for grading services of any particular driveway is at the sole discretion of the County, and shall be done in accordance with the County's priorities.

Service Level Standards

1. Residents shall enter into a private driveway grading agreement with the County. The grading service is limited to the driveways of the residence, and no grading will be undertaken to granaries, haystacks, or other non-residential accesses.
2. The County shall grade a resident's private driveway(s) once a season free of charge, with all additional grading services resulting in a time-of-service charge. This charge will be \$50.00 per half-hour, charged in increments of every half-hour rounded up. (Thus the minimum charge for additional grading services shall be \$50.00).
3. Grading of roads shall be the highest priority, grading of private driveways shall occur after roads are deemed in generally acceptable condition.
4. Grading of private driveways shall be provided at no charge for: situations requiring immediate or chronic medical attention, funerals, community centres, churches and cemeteries.

Monitoring & Updating

This Policy shall be reviewed every year.
